A Bit of History

Knative

Knative Pipelines

Tekton Pipelines

Community

Tekton Pipelines

Intro

CRDs, Reconcile

Steps, Tasks, Pipelines, Params

*Runs, PipelineResources

Inputs & Outputs

DAG and ordering

Entrypoint

Source to Image to Deploy

The Health Application

IBM Cloud

CD Pipeline

Parameters

Using Kaniko

Cluster resource and secrets

Service account and namespace

Tekton and Knative

Conclusions

Q&A
